

YEARS 1-7

# AAL FOR PAWS

---

AAL for PAWS is dedicated to drawing attention to animal welfare in our school community, and promoting the humane treatment of animals in our local community.

The club serves as an information source for those working to promote animal welfare in our school.

We believe that education is fundamental in addressing animal cruelty/neglect and we aim to inform and raise awareness, in the school and the local community, of matters concerning animal welfare. In addition, we want to share the love for our friendly little companions!

*For more information, please see Ms. Mary Malathoura.*
