

YEARS 4-7

BUSINESS CLUB

Step outside of the classroom and catch a glimpse of the business world through the Business Club's extracurricular activities.

The aim of the club is to familiarise students with the application of business skills in everyday life. The club organizes visits to various accounting firms, local businesses and the Larnaca District Court allowing students to get a taste of our subjects in action, creating a bridge between theory & practice! Through these visits we aim to stimulate and inspire students wishing to pursue a career in the fields of Accounting, Economics, Law, Politics, Marketing and Business.

For more information, please see Mr.George Georgiou and Ms. Constantina Spanou-Tsitsiou.
