# FOLKLORE DANCE CLUB

---

Get to know a bit more about Greek and Cypriot culture through dance and take centre stage in many of our auditorium celebrations.

The aim of the club is to introduce students to the different types of folklore dancing of the Greek and Cypriot culture. Modern dances, like Latin, are also taught. In addition, the club always participates in National Celebrations and school concerts as well as various charity events. Overall, the club does not only aim to teach students new dances, but also encourages team work and solidarity, as strong relationships are formed in a fun and enjoyable way.

**The club meets once a week (Wednesday 14:00-16:00) for two hours and all lessons are taught by Mr. Antonis Avraam.**
