MODERN DANCE

If you love dancing and want to choreograph your own routine for our next big stage event, this is your club.

The Modern Dance Club gives students the opportunity to showcase their talents in various school performances. Our members often choreograph their own pieces, a process which promotes creativity, imagination and discipline. Rehearsals take place at break time or after school, giving students the chance to form strong bonds outside the classroom and enhance their team spirit. It is the most rewarding experience, culminating in applause on the night of the performance.
