

YEARS 1-7

THE ENGLISH SOCIETY

Maybe you consider yourself a bookworm, or you're an aspiring writer who finds inspiration in the simplest things. If so, welcome to your favourite club.

The English Society aims to bring students together to aid social and cultural development through relaxed extracurricular contact with teachers and students from different year groups. Students of the society are encouraged to participate in the many activities organized and to promote the love of English. Activities include: competitions, stage productions, theatre trips and presentations.
